

SPECIAL EVENT

The 3rd of July 2017 was marked as a momentous day.

Two new libraries were set up in the school. The previous library was revamped by Angelique Foundation (an NGO) under the patronage of Smt. Meenakshi Lekhi (Member of Parliament).

A new structure has been built in the school premises which is a high-tech library equipped with computers for students. It has a unique collection of books for the students. This library is a magnanimous contribution by the Vijay family in the memory of their sister who was an alumini of our school.
